Yellowstone River NURSING AND REHABILITATION PACS

Testimonial

“Liz and Jader were my Angels” from Kathy W.

“I am so grateful for the care I received during my stay at Yellowstone River Nursing & Rehabilitation. There are so many talented, compassionate, and dedicated people here. Some of them made such a difference that I get emotional just thinking about them.

Liz and Jader were my angels, and Jennifer was awesome. I also want to recognize Matt and Lucas for the exceptional care they provided. Matt is a phenomenal nurse, and it was clear to me how much respect he has earned from his coworkers.

With my own nursing background, I appreciated seeing a team that values people for their abilities, professionalism, and the care they give. The respect staff members have for one another goes beyond their job titles, and that approach is clearly working well. The building was clean and well maintained nearly all the time, and I appreciated the housekeeping team’s efforts to keep it pleasant and welcoming. What stands out most are the people who cared for me and the personal connections we made. I am thankful for the kindness and dedication they showed me throughout my stay.”
