Yellowstone River NURSING AND REHABILITATION :: PACS

Testimonial

"Very Highly Recommend" from Miss Peggy

Miss Peggy's Resident Testimonial

"I enjoyed everything about my stay! The people are wonderful, friendly, and very conscientious.

The food had its ups and downs, but my favorite meal was the roast beef with mashed potatoes. The only thing missing was a good dinner roll! The facility was very clean, both inside and outside, and I had no problems whatsoever. There are three staff members who really stood out to me. Tay, my CNA, was so sweet and got me spoiled! Crystal brought me coffee every morning, and I just loved Rosa. All three were wonderful. That's not to say the others weren't great, too, but these three really stood out.

I would very highly recommend this facility to anyone needing care."
